

## Efficiency Division Updates

- Business meeting on October 13: Nothing to report.
- Next business meeting is November 15. **Business Meetings agendas and minutes:** <https://www.energy.ca.gov/proceedings/business-meetings>
- **Energy Code support resources survey.** Please provide valuable feedback on documents, tools, and resources intended to support compliance with the Energy Code. Your feedback is important to our ongoing efforts to provide better service and support. Please respond by December 3, 2021.
- 2019 CBECC-Res and CBECC-Com compliance software version 2019.2.0 is now available. Must use the new versions after January 1, 2022. All other versions will expire. See the **residential software expiration dates** and **nonresidential software expirations dates**.
- For all mechanical projects with acceptance testing permitted after October 1, 2021, only accept NRCAs that have an ATTCP logo. Certified ATTs are required to use the ATTCP database system to record testing results and generate NRCAs. All acceptance testing forms ending in -A will need to be completed by the ATT through an ATTCP website.
